EXPERIENCE

ROKK Solutions

Washington, D.C.

Senior Account Executive

April 2022 – Present

- Manages multiple direct reports across six client accounts, including an electric utility, a pharmaceutical company, a finance trade association, a web data platform, a global fashion company, and a law firm.
- Develops messaging on complex policy issues such as energy market regulation and medicine supply chain security, creating persuasive content for lawmakers, congressional staff, and the media.
- Drafts op-eds on behalf of senior executives, positioning them as thought leaders on crucial subject matters such as nuclear energy, data privacy, and retirement security.

Echelon Insights

Alexandria, Virginia

Director of Business Development

December 2019 – April 2022

- Oversaw business development and external relations, including drafting proposals, leading pitches to potential clients, and creating public-facing content for our email lists and social media.
- Assisted the Research Team on research projects, from focus groups to survey research, by analyzing data and creating finding decks for clients to highlight key insights.
